

SUMMER BREEZE BY RICCAR

Reduce energy costs and increase comfort with the Riccar zone heater. The “zone” where you spend the most time, like the family room, is kept at a comfortable temperature while the rest of your home can have the temperature turned down, saving heating your whole house.

3 IN 1 HEATER

Come in and see for yourself. It's great! "I have one in my family room and love it."

Tip from “Dr.” Dan,

our sewing machine technician:

“Using good quality needles and good quality thread will always give you good results. Conversely, using poor quality needles and poor quality thread will give poor results.” You may also be surprised in the difference good quality needles and thread can make in the operation of your sewing machine. We can recommend the best needles and thread for your sewing project. Your investment in time and materials deserves the best results! *Happy Sewing!*

Heat Surge Fireplace Units Ardyth's is your service center for the Amish-crafted Heat Surge fireplace units. We will take care of your warranty service, and routine service after the warranty period.

Scrap Happy Mix Prints with confidence Batik table runner in one day!

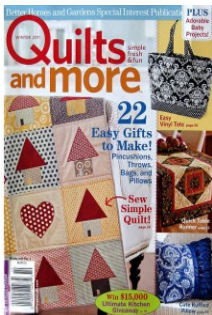

This pattern gives you permission to have fun with the decorative stitches on your sewing machine, decorative threads, circular embroidery attachments, and felted fabrics. Instructions include hints on how to turn stitched squares into purses. The diamond purse and lunch tote style are included.

Indy Junction Patterns

Koozie patterns are easy to make for yourself or for gifts. Includes instructions for all types of drinks you need to keep hot or cold ... soda cans, bottles, coffee cups, water bottles & wine glasses.

With a little bit of wool felt and the decorative stitches on your sewing machine, you can create an embroidered Clutch, Card Holder, and Accessory/Phone Pouch.

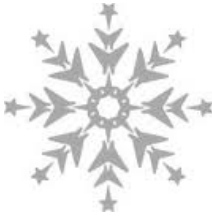

Quilts and more ... Projects:

- Urban Attitude - Big blocks star in a fast-to-sew throw.
- French Accent - An ooh la la tote holds it all.
- Hint of the Holidays - Stitch a runner to use throughout the season.
- All Dolled Up - Tickle a little girl's fancy with "paper" dolls in a special carrying case.
- Small Frills - A fluff of ruffles adds glam to a pretty pillow.
- Home at Last - Punch up precut squares with oh-so-easy machine appliqué.
- Pocket Posy - Show off your hand-sewing skills with a folk art-style bag.
- Playing Tag - Sew a sweet little quilt to entertain baby.

These are a few of our favorite things ...

Handyhook (Made in USA) \$5.98

One of the most versatile tools you will ever use! Stainless steel, easy to grip handle, easy to clean.

Animal lovers...do you have vacuum roller bars clogged with lots of pet fur? Sewists...thread twisted on the roller bar?

Handyhook safely and easily removes hair and debris from vacuum cleaner rollers.

Also, removes bobbins from sewing machines!
Plus, 100's of other uses.

Silhouette Cameo
Electronic Cutting Tool

The all new Cameo connects to your PC or Mac via a USB cable making it work much like a printer. However rather than printing it utilizes a small blade to cut various materials up to 12 inches wide and 120 inches long and just about everywhere in between. The Cameo also has the ability to register and cut printed materials. This is all accomplished through the Silhouette Studio software, your home printer, and the Cameo.

Fashionista Tweezers
15cm / 5.9 inch

Fashionista Tweezers

Fashionista Tweezers are a new collection of fashionable "divas" that are 5.9 inches long and made of stainless steel with a durable enamel finish. The fine tip is perfect for grabbing the tiniest threads.
